9. QUESTION: (INCLUDE SCENARIO IF NEEDED FOR CLARITY):			

Scenario 1. A household of two full-time students who are parents to the same child, age 8. They do not have adequate child care as they schedule their classes so that one cares for the child while the other attends school and vice versa. They do not meet any other exemption for student eligibility. What if there are two children both between ages 6 and 12?

Scenario 2. A household of two full-time students who are the parents to the same child, age 3. They do not meet any other exemption for student eligibility. What if there are two children both under age 6?

Q. Are we able to use the same exemption (MPP 63-406.213 OR 63-406.214) with the same child for both full time student parents and make them potentially eligible to CalFresh? Or is each student required to have their own qualifying child?

10. REQUESTOR'S PROPOSED ANSWER:

Yes, we may use the same exemption (MPP 63-406.213 OR 63-406.214), using the same child for both full-time student parents.
